

H Series LED Track Light, 20W, 6500K, Black Aluminum, 80° Beam

- 20W power rating for efficient indoor illumination
- 6500K color temperature for crisp, cool white light
- 80° beam angle suited for directional accent lighting
- 80 CRI for accurate color rendering
- Black aluminum housing for durability and finish
- Accepts 120-240V input for flexible installation

OVERVIEW

The H Series LED Track Light is a black aluminum fixture designed for indoor commercial and retail applications where directional accent or task lighting is required. Its low-profile form factor suits environments where both performance and visual presentation are priorities.

The fixture operates at 20W and produces a 6500K color temperature with an 80° beam angle and 80 CRI, delivering a crisp, cool white output suited to display lighting, retail floors, and workspaces. It accepts 120-240V input and carries an LED lifetime rating of 50,000 hours, providing long-term reliability with reduced maintenance compared to conventional lamp sources.

The fixture is backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

Color Temperature	6,500 K
CRI	80
Beam Angle	80°
LED Lifetime	50,000 h

MECHANICAL
