

10W H-Type LED Track Light Head, 3CCT Selectable, 55° Beam, ETL Listed

OVERVIEW

The LumiPro HL Series 10W H-Type LED Track Light Head is a selectable 3CCT fixture designed for accent and general illumination in commercial and retail environments, including galleries, showrooms, hotels, and restaurants. It mounts to standard H-type track systems and features an integrated built-in driver with an anti-glare design.

The fixture operates at 120VAC/60Hz and delivers up to 90 lm/W at CRI 92Ra across selectable color temperatures of 3000K, 4000K, and 5000K. A 55° beam angle provides broad light distribution. The aluminum housing incorporates convective cooling for thermal management, and the track head offers 350° horizontal and 90° vertical rotation for precise aiming. Triac dimming is supported from 100% to 10%, compatible with Lutron, Leviton, and similar dimmers. Rated service life is 50,000 hours.

This product carries a 5-year warranty.
