

10W H-Type LED Track Light Head, 3CCT Selectable, 120V, ETL Listed

OVERVIEW

The LumiPro HL Series 10W H-Type LED Track Light Head is designed for commercial and retail applications including galleries, showrooms, hotels, restaurants, and retail environments. It mounts to standard H-type track systems and features an integrated built-in driver with an anti-glare housing constructed from aluminum for effective heat dissipation.

This fixture operates at 120V/60Hz and offers 3CCT selectable color temperatures, allowing field selection to suit different installation requirements. It delivers up to 90 lm/W at CRI 92 in 3CCT mode, with a 55-degree beam angle available. Dimming is supported via triac-compatible dimmers, including Lutron and Leviton, with a smooth range from 100% down to 10%. The track head provides 350-degree horizontal and 90-degree vertical rotation for precise aiming. Rated service life is 50,000 hours.

This product carries a 5-year manufacturer warranty.

SPECIFICATIONS

Power	10 W	Beam angle	15, 25, 36, 55 °
Luminous flux	90 lm/W @ CRI 92, 2000K 36°	Input voltage	120 V
CCT	2700K, 3000K, 3500K (3CCT selectable)	Rated life	50000 hrs
CRI	93 (Single CCT); 93 (3CCT) @ CRI 97, 3000K (Single CCT) lm/W	Warranty	5 years
