

20W H-Type LED Track Light Head, 3CCT Selectable, Triac Dimmable

OVERVIEW

The LumiPro HL Series 20W H-Type LED Track Light Head is a commercial-grade adjustable track fixture designed for retail, gallery, hospitality, and showroom applications. The 3CCT selectable design allows field selection between 3000K, 4000K, and 5000K color temperatures via an onboard switch, reducing inventory requirements across multi-zone projects.

The fixture delivers 1800 lumens at CRI 90, 3000K, 36° beam angle, with beam angle options of 15°, 25°, 36°, and 60° available. It operates on AC 120V/60Hz with a power factor of 0.98 or greater and supports Triac dimming from 100% to 10%, compatible with Lutron, Leviton, and similar dimmers. The aluminum housing incorporates convective cooling for thermal management, and the integrated COB LED source is rated for 50,000 hours. Rotation is 350° horizontal and 90° vertical. Available in black, white, or gray.

This fixture carries ETL and cETL listing along with FCC certification. A 5-year warranty is included.

SPECIFICATIONS

Power	20 W	Input voltage	120 V AC, 60Hz
Luminous flux	1800 lm	Rated life	50000 hrs
CCT	3000-4000-5000 K	Warranty	5 years
CRI	90 Ra	Dimensions	6.6 x 4.53 x 4.01 in (head); shaft dia. 3.27 in / 2.32 in in
Beam angle	15, 25, 36, 60 deg
