

3-Inch Square Recessed Step Light with Photocell, 1.8W Warm White 3000K

- Draws only 1.8W of power for low-consumption operation
- Operates across a 120-240V input voltage range
- Integrated photocell enables automatic dusk-to-dawn switching
- Warm white 3000K color temperature for a cozy light output
- Compact 4 × 4 × 2.25 in footprint at 0.2 lb weight
- Rated for 50,000 hours of LED operating life

OVERVIEW

The 9-W1.8WW is a 3-inch square recessed step light designed for low-level accent and pathway illumination in residential and commercial settings. An integrated photocell enables automatic dusk-to-dawn operation, removing the need for manual switching or separate control wiring.

The fixture draws 1.8W across a 120-240V input range and produces a warm white 3000K output, suited for entryways, corridors, and building exteriors where ambient illumination is required without high lumen demand. It measures 4 × 4 × 2.25 in and weighs 0.2 lb, with a white finish for unobtrusive integration into surrounding decor.

The fixture carries a 1-year limited warranty and an LED lifetime rating of 50,000 hours.

SPECIFICATIONS

OPTICAL

Color Temperature	3,000 K
LED Lifetime	50,000 h

ELECTRICAL

Operating Voltage	120-240 V
