

## Up/Down Wall Accent Light, 4.5W, 3-CCT, Touch Dimming, 360° Rotating, Black

### OVERVIEW

The 9-WL-UD-3CCT-B is a battery-powered up/down wall accent light designed for interior accent and ambient lighting applications where hardwired installation is not practical. The 360° rotating head and 3M adhesive mounting system allow tool-free placement on virtually any flat surface, making it suitable for display cases, shelving, stairwells, and accent walls.

The fixture operates at 4.5W on a DC 5V/1A input and is equipped with a 2000mAh internal battery charged via USB. Three selectable color temperatures—2700K warm white, 4000K neutral white, and 5700K daylight—are available alongside touch-controlled dimming. A remote control function provides auto-timer settings at 0.5, 1, and 2 hours. The ABS+PC housing measures 12 x 8 x 6 cm and is available in black.

No certifications are confirmed for this product. Contractors and specifiers should verify compliance requirements with their local authority having jurisdiction prior to installation.
