

Indoor Decorative LED Wall Light, CCT Selectable, Remote Control, 120V, Black

- Curvilinear wall sconce design for decorative indoor lighting
- CCT selectable via included remote controller
- Operates on 120V input voltage
- Rated LED lifetime of 50,000 hours
- Black finish
- Overall fixture length of 119 cm

OVERVIEW

The 9-WS-C-CCT is a decorative LED wall sconce designed for indoor applications where aesthetic detail and lighting flexibility are priorities. Its curvilinear form suits lobbies, corridors, hospitality spaces, and residential common areas. The fixture operates on 120V and ships in a black finish with an overall length of 119 cm.

Color temperature is field-selectable via the included remote controller, allowing the installed CCT to be adjusted without rewiring or fixture replacement. The LED source carries a rated life of 50,000 hours, supporting extended maintenance intervals in commercial settings.

The fixture is backed by a 1-year warranty.
