

## Round Recessed LED Ceiling Light, 9W Dual-Zone White + Blue Border

### OVERVIEW

The A-BL5.75-R9W is a 5.75-inch round recessed LED ceiling light designed for commercial and residential ceiling applications. It features a dual-zone configuration with a primary white light field and a blue light border, making it suitable for accent or ambient lighting installations where visual zoning is required.

The fixture operates at 9W total draw using SMD2835 chip technology, delivering 675 lumens at 4500K color temperature with a CRI of 75. The acrylic and aluminum construction is rated IP20, appropriate for dry indoor environments. Input voltage is rated at 120V AC. The unit measures approximately 6.5 inches in diameter with a 2-inch profile depth.

No certifications have been confirmed in available source documentation for this SKU. Contractors and specifiers should verify compliance requirements with their local jurisdiction prior to installation. Contact Poli LED & Signs for warranty terms and project-specific documentation.
