

## 6W 3-Inch Round Slim LED Panel, 5-CCT Selectable, Wet Location Rated

### OVERVIEW

The A-E3-R6-CCT is a 3-inch round slim LED panel designed for flush, no-housing installation in new construction and retrofit applications. Edge-lit technology eliminates glare and dark spots, making it suitable for bathrooms, laundry rooms, covered porches, and garage work areas where wet-location rated fixtures are required.

The panel draws 6W and delivers up to 395 lumens depending on the selected color temperature, with five CCT options spanning 2700K through 5000K. CRI is rated at 90, supporting accurate color rendering across all settings. Triac dimming allows continuous adjustment from 100% to 10%, and the fixture carries a rated lifespan of 50,000 hours. Operating temperature range is -4°F to 113°F. At 0.39 inches thick, the unit installs directly into a drywall cutout with a standard J-box.

The fixture is ETL Listed and ENERGY STAR certified. It operates on 120V/60Hz with a power factor greater than 0.9. A 5-year limited warranty is included.

### SPECIFICATIONS

<b>Power</b>	6 W	<b>Input voltage</b>	120 V
<b>Luminous flux</b>	[object Object] lm	<b>Dimensions</b>	[object Object] in
<b>CCT</b>	2700,3000,3500,4000,5000 K	<b>Rated life</b>	50000 h
<b>CRI</b>	90	<b>Warranty</b>	5 y
<b>Beam angle</b>	120 °	<b>Operating temp</b>	[object Object] °C

### INSTALLATION

**NO HOUSING REQUIRED**  
No housing or junction box required. Suitable for most new constructions. Install above ceiling, below, and/or in tight recessed drywall opening.

**NO DIMMING**  
Compatible with most triac dimmers to give user a smooth 100%-10% dimming to prevent flicker or buzz. Please check the recommended dimmer for a next page.

**ELECTRICAL**  
This fixture is built with the highest quality LED chips, ensuring energy efficiency.

**ENERGY SAVINGS**  
85% more energy savings than halogen lamps.

**LISTING**  
ETL Listed, Energy Star
