

# GL2 Series 6.5" Round LED Downlight Kit, 6000K, with D-D18M/0.3 Driver

- 6.5-inch round downlight fixture format
- 6000K correlated color temperature for cool white output
- Includes matched D-D18M/0.3 driver as a complete kit
- Configured for straightforward single-part specification

## OVERVIEW

The GL2 Series 6.5" Round LED Downlight Kit pairs a 6.5-inch round downlight fixture with a D-D18M/0.3 driver, offered as a complete kit for straightforward specification and installation. This combination is suited for commercial and light industrial interior lighting applications where a recessed round downlight format is required. The 6000K correlated color temperature delivers a cool white output appropriate for task-oriented environments such as offices, retail spaces, and corridors.
