

Round LED Ceiling Light, 8.5 in. Inside Diameter, 18W, 3500K Warm White

- Delivers 18W input power with 10,800 lm output
- 3500K warm white color temperature for inviting ambient light
- 80 CRI for accurate color rendering in general lighting
- Aluminum housing construction for durability and heat dissipation
- 8.5 in. inside diameter, 9.45 in. outside diameter round profile
- Rated for 50,000-hour LED lifetime, backed by 1-year warranty

OVERVIEW

The A-N8.5-R18WW is an 18W round LED ceiling light designed for indoor commercial and residential applications. With an inside diameter of 8.5 inches and an outside diameter of 9.45 inches, it fits a range of ceiling configurations and room types. The fixture produces a warm white output at 3500K, suited for environments where a comfortable, inviting light quality is required.

This fixture draws 18W and delivers 10,800 lumens, constructed with an aluminum housing for durability and heat management. The 80 CRI rating supports accurate color rendering for general ambient lighting, and the 50,000-hour LED lifetime supports long service intervals in continuous-use settings.

The fixture is backed by a 1-year warranty.

SPECIFICATIONS
