

White Cast Acrylic Sheet, 4 ft x 8 ft x 1/8 in, Opaque Finish, Clearance Pricing

- Cast acrylic sheet measures 96 × 48 × 0.1 in
 - Opaque white finish suited for signage and display fabrication
- Paper masking on both faces protects surface during handling
 - Sheet weight approximately 20 lb per unit
 - Backed by 1-year warranty

OVERVIEW

The B-A-3mm-W is an opaque white cast acrylic sheet measuring 4 ft x 8 ft x 1/8 in, intended for use in commercial signage, architectural panels, display fabrication, and general design applications. The cast construction provides a uniform white finish across the full sheet surface.

Both sides are protected with paper masking to prevent surface damage during shipping and handling. The smooth face is compatible with standard acrylic cutting and fabrication methods, making it suitable for shop or field processing by sign fabricators and contractors.

The sheet carries a 1-year warranty and weighs approximately 20 lb per unit.
