

Cast Aluminum Fencing Post Base,
6.29 x 3.93 x 3.93 in, 10.65 lb

- Cast aluminum construction for structural durability
- Overall dimensions of 6.29 × 3.93 × 3.93 in
- Unit weight of 10.648 lb for stable footing support
- Designed for fence post mounting at grade or surface level

OVERVIEW

The B-F1-BASE-POST is a cast aluminum fence post base designed to provide a stable, secure mounting foundation for compatible fencing post systems. Suited for commercial and industrial installations, this base is intended for applications where structural integrity and material durability are required at grade or surface level.

The unit measures 6.29 × 3.93 × 3.93 in and weighs 10.648 lb, providing a solid, substantial footing for post installation.
