

## Aluminum Fencing Rail for Top and Bottom Mount, Brushed Black Finish

### OVERVIEW

The B-F1-BK-RAIL is an aluminum top and bottom rail designed for use with the Suprotect wood composite fencing system. It provides the structural horizontal support that secures composite fence panels within the aluminum frame assembly, and is compatible with privacy, mid-trellis, and full-trellis fence configurations.

Each rail measures 0.55 in. wide x 0.94 in. high x 70.86 in. long (14 x 24 x 1800 mm) and is finished in brushed teal through powder spray application. Rails are sold and installed in pairs per fence section, with a combined weight of 2.24 kg per set. The aluminum construction provides corrosion resistance suited to exterior fencing installations.

### SPECIFICATIONS

<b>Dimensions Panel</b>	70.87 x 3.14 in (L x W)	<b>Lifetime Years</b>	25 years
<b>Warranty</b>	10 years		

### INSTALLATION
