

## WPC Composite Fence Panel 69.29" x 7.08" x 0.98" – Teak

### OVERVIEW

The S-CF01 WPC composite fence panel (model B-F1-CF01-TK) is a co-extruded wood plastic composite board designed for commercial and residential privacy fencing applications. Available in a Teak finish, each panel measures 69.29" (1760 mm) in length and 7.08" (180 mm) in width, and is intended for use within aluminum-framed fence systems supporting privacy, mid-trellis, and full-trellis configurations.

Constructed using a co-extrusion process, the panel bonds a protective polymer outer layer to a high-density recycled plastic and wood fiber core. This capped construction provides waterproof performance and UV protection. The Suprotect composite material carries a 25-year rated service life. Structural framing components compatible with this panel—posts, rails, brackets, and caps—are aluminum with powder-coat or anodized finishes.

The fence system is covered by a 10-year warranty as stated in the manufacturer documentation. CE, SGS, and ISO certifications are listed in the source datasheet for the Suprotect composite fence panel system.

### SPECIFICATIONS

<b>Panel Length Mm</b>	1800 mm	<b>Material Core</b>	WPC (Wood Composite Polymer) — co-extruded high density recycled plastic and wood fiber
<b>Panel Width Mm</b>	180 mm	<b>Frame Material</b>	Aluminum (powder-coat or anodized)
<b>Panel Thickness Mm</b>	24 mm	<b>Certifications</b>	CE, SGS, ISO
<b>Panel Length In</b>	70.87 in	<b>Environmental Rating</b>	Waterproof, UV protection
<b>Panel Width In</b>	7.08 in	<b>Available Colors</b>	Ashwood, Antique, Teak, Walnut, Ipe, Dark Grey
<b>Panel Thickness In</b>	0.94 in	<b>Design Variants</b>	Privacy, Mid-trellis, Full-trellis
<b>Warranty</b>	10 years	<b>Panel Set Coverage</b>	5.9 x 5.9 ft (L x H) per set
<b>Rated Life Years</b>	25 years		

### INSTALLATION
