

Ipe Privacy Model Post Kit, Black Finish

- Constructed from Ipe hardwood post material
 - Finished in black for exterior post applications
- Designed for privacy-model screening configurations
 - Supplied as a complete post kit assembly

OVERVIEW

The Ipe Privacy Model Post Kit is a black-finished post assembly built from Ipe hardwood, intended for use in privacy screening installations within commercial and industrial signage or lighting support systems. The Ipe material provides a dense hardwood post structure suited to exterior applications requiring restricted sightlines or partition framing.
