

Aluminum Post Cap for 80mm Square Fence Posts, Black Powder-Coat Finish, 3.46" x 1.29"

OVERVIEW

The B-F1-POST-CAP-BK is an aluminum post cap designed to terminate 80mm square fence posts in the Suprotect wood composite fencing system. It provides a finished appearance at the top of each post and is a standard component across privacy, mid-trellis, and full-trellis fence configurations.

The cap measures 3.46" x 3.46" x 1.29" (85 x 85 x 33mm) and is constructed from aluminum with a black powder-spray finish, consistent with the finish applied to all structural aluminum components in the Suprotect system, including posts, rails, and brackets.

SPECIFICATIONS

Dimensions	3.46 x 3.46 x 1.29 in (85 x 85 x 33 mm)	Warranty	10 years
