

Fencing Spacer Cover for Mid-Trellis, Aluminum, Black, 1000 x 26 x 14 mm

OVERVIEW

The B-F1-SPACER-CV-BK is an aluminum fencing spacer cover designed for use with the Mid-Trellis composite fence system. It provides a finished appearance at panel gap locations along the post, concealing the structural spacer hardware used to create the trellis pattern.

Constructed from aluminum with a black powder-sprayed finish, this cover is a component of a broader system that includes WPC composite panels, aluminum posts, rails, and brackets. It is sized at 1000 x 26 x 14 mm and is intended for installation as part of a coordinated fencing assembly.

SPECIFICATIONS

Dimensions	1.88" W x 0.70" H x 1.96" L (48mm x 18mm x 50mm)	Warranty	10 years
Weight	0.12 kg per piece
