

Composite Fencing Color Sample Box, Six WPC Finishes, 10x80mm Slices

- One slice of each fence panel color in a single box
 - 10×80mm slice format for handheld color matching
 - WPC wood composite polymer core with capped polymer exterior
- 3D wood grain texture cut from production panel stock
 - Waterproof and UV -protected surface rating
 - Six finishes: Ashwood, Antique, Teak, Walnut, Ipe, Dark Grey

OVERVIEW

The Fencing Color Sample Box contains one slice of each finish offered in the Suprotect wood composite fence panel line. It is intended for showroom displays, specification packages and on-site color matching before a fence order is released to production.

Each slice is cut from the same co-extruded WPC (wood composite polymer) stock used for production panels, pairing a recycled plastic and wood fiber core with a capped polymer exterior layer and 3D wood grain texture. Slices measure 10×80mm and cover the Ashwood, Antique, Teak, Walnut, Ipe and Dark Grey finishes. Surfaces carry the same waterproof and UV-protected rating as the finished panels.

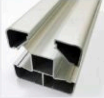

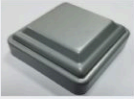

SPECIFICATIONS

MECHANICAL

Product Dimensions	10×80mm
Finish	Ashwood, Antique, Teak, Walnut, Ipe, Dark Grey
Material	WPC (Wood Composite Polymer)

ENVIRONMENTAL

Environmental Rating	Waterproof, UV protection
