

Teak Privacy Model Aluminum Post Kit

- Privacy Model configuration for visual screening applications
 - Aluminum post construction for structural durability
- Teak-finish aesthetic for exterior appearance
 - Kit format includes components for post installation

OVERVIEW

The B-F1-TK-PR-AL-KIT is a Privacy Model aluminum post kit finished in a teak aesthetic, designed for commercial and industrial site applications where defined boundaries and visual screening are required. The aluminum post construction provides structural durability suited to exterior installation environments.
