

Walnut Privacy Model Aluminum Post Kit for Fencing and Screening

- Aluminum post construction for corrosion resistance
- Walnut finish delivers a wood-look surface appearance
- Privacy model design intended for full visual screening
- Supplied as a complete post kit for installation

OVERVIEW

The B-F1-WL-PR-AL-KIT is a Walnut Privacy Model aluminum post kit designed for commercial and industrial signage or lighting post installations. The aluminum post construction provides a durable, corrosion-resistant framework suited for exterior applications where structural integrity and finish quality are required. The walnut finish delivers a wood-look aesthetic while retaining the strength and weather resistance of an aluminum substrate, making the kit suitable for privacy screening or perimeter installations that require both function and appearance.

SPECIFICATIONS

MECHANICAL
