

Decorative Foam Board Panel, Bark Finish,
48 in x 8 ft, 5 mm Thick

- Bark finish for a natural wood-textured surface appearance
- Foam board material construction for lightweight handling
- Panel dimensions of 96.06 × 48.03 × 0.2 inches
- IP20 rated for indoor, dry-environment applications
- Non-waterproof environmental rating
- 1-year manufacturer warranty

OVERVIEW

The B-FB-BARK is a decorative foam board panel featuring a bark finish, intended for interior display, signage backdrops, retail environments, and architectural accent applications where a natural wood-bark aesthetic is required without the weight of solid material.

The panel measures 48 in wide by 8 ft long at a thickness of 5 mm, offering a lightweight, manageable format suitable for wall-mounted installations and fabricated sign structures. It carries an IP20 rating and is classified as non-waterproof, indicating suitability for dry interior environments.

The panel is backed by a 1-year warranty.
