

# Aluminum Composite Panel – Brushed Gold Finish, 4 ft x 8 ft x 1/8 in

- Brushed gold finish for a polished metallic appearance
  - Aluminum composite panel construction resistant to corrosion
- Sheet size of 4 ft x 8 ft at 1/8 in overall thickness
  - Suitable for indoor and outdoor architectural use
  - Backed by a 1-year manufacturer warranty

OVERVIEW

Alum-Bond is an aluminum composite panel with a brushed gold finish, available in a 4 ft x 8 ft sheet at 1/8 in thickness. It is suited for architectural cladding, signage, and display board applications in both indoor and outdoor environments.

The panel is constructed to resist corrosion and provides a sleek, polished appearance appropriate for commercial and architectural installations where a consistent metallic finish is required.

The product carries a 1-year warranty.
