OVERVIEW

The Alum-Bond Bronze panel is a 4 ft x 8 ft x 1/8 in aluminum composite sheet with a bronze finish coating. Designed for use across construction, architecture, interior design, and signage applications, it is suitable for both indoor and outdoor installations. The panel is fabricated from aluminum with a durable bronze finish and can be cut or shaped to fit project requirements, making it adaptable for a range of commercial and creative applications. The panel carries a 1-year warranty and a rated service life of 50,000 hours.
