

PVC Marble-Look Wall Panel, Moon Finish,
48 in x 8 ft, 3 mm Thick

- Moon finish replicates natural marble veining for interior accent walls
- Panel dimensions of 96.06 × 48.03 × 0.12 inches per unit
- Constructed from polyvinyl chloride (PVC) for a lightweight installation
- Covers approximately 31.22 sq ft per panel at 3 mm thickness
- Rated IP20 and classified non-waterproof for dry interior use
- Backed by a 1-year manufacturer warranty

OVERVIEW

The B-MAR-MOON is a PVC marble-look wall panel finished in a moon colorway, designed for interior wall cladding applications in commercial and residential settings. Each panel measures 48.03 in wide by 8.01 ft long at 3 mm thick, covering approximately 31.22 sq ft per panel.

Constructed from polyvinyl chloride (PVC), the panel offers a lightweight alternative to natural stone, suitable for accent walls, feature installations, and decorative surface treatments where a marble aesthetic is required. It carries an IP20 rating and is classified non-waterproof, indicating suitability for dry interior locations.

The panel is backed by a 1-year warranty.
