

PVC Foam Board, White, 4 ft x 8 ft x 3/16 in, 15 lb, 1 - Year Warranty

- Measures 96 × 48 × 0.25 in for full-sheet signage and display use
- Constructed from PVC material for resistance to bending and warping
- Non-porous surface resists dirt, moisture, and staining
- Weights 15 lb for manageable handling and installation
- Backed by a 1-year manufacturer warranty
- Rated for 50,000 h service life

OVERVIEW

The B-PB5 is a white PVC foam board measuring 4 ft x 8 ft x 3/16 in, intended for commercial signage, displays, and architectural applications in both indoor and outdoor environments. Its smooth, non-porous surface accepts direct printing, painting, and applied graphics without additional preparation.

The board is constructed from PVC material that resists bending, warping, moisture, dirt, and stains, reducing maintenance requirements and supporting long-term installations in variable conditions. It weighs 15 lb, making it manageable for handling and mounting on job sites.

The product is backed by a 1-year warranty.
