

Round WPC Wall Panel, Black Ebony Finish,
6.3 in Wide x 9.68 ft Long, 25 mm Thick

- Round profile WPC panel in black ebony finish
- Panel dimensions of 116.14 × 6.3 × 0.98 inches
- 25 mm thickness suited to standard field cutting
- Rated IP20 for non-waterproof interior applications
- Backed by a 1-year manufacturer warranty

OVERVIEW

The B-RWPC-EBANO is a round-profile Wood-Plastic Composite (WPC) wall panel finished in black ebony, intended for interior wall cladding in commercial and residential construction. The rounded profile suits accent walls, corridors, and feature installations where a contemporary linear look is required.

Each panel measures 6.3 inches wide by 9.68 feet long with a 25 mm thickness, giving a workable format for standard stud spacing and field cutting. The WPC construction combines a wood-like appearance with the dimensional stability typical of composite materials, and the panel carries an IP20 rating for non-waterproof, interior-only use.

The panel is backed by a 1-year warranty.
