

Round WPC Wall Panel, Teak Wood Finish,
6.3 in Wide x 9.68 ft

- Round-profile WPC construction with teak wood finish
- Panel width of 6.3 in and length of 9.68 ft
- 25 mm panel thickness for structural rigidity
- IP20 rated for dry interior use only
- Non-waterproof environmental rating limits outdoor application
- Backed by a 1-year manufacturer warranty

OVERVIEW

The B-RWPC-TEKA is a round-profile Wood-Plastic Composite (WPC) wall panel with a teak wood finish, designed for interior wall cladding applications in commercial and residential construction. The panel measures 6.3 inches wide by 9.68 feet in length with a 25 mm thickness, making it suitable for accent walls, wainscoting, and decorative surface treatments where a natural wood appearance is desired without the maintenance demands of solid timber. The panel carries an IP20 rating and is classified non-waterproof, indicating suitability for dry interior environments rather than wet or exterior locations. It is backed by a 1-year warranty.
