

Round WPC Wall Panel, Light Oak Finish,
6.3 in Wide, 9.68 ft Length

- Wood-Plastic Composite (WPC) construction for a consistent wood-look finish
- Light oak finish suited to interior cladding schemes
- Panel dimensions of 116.14 × 6.3 × 0.98 inches per piece
- 25 mm thickness provides substantial coverage per panel
- IP20 rated, classified as non-waterproof for dry interior use
- 1-year warranty coverage

OVERVIEW

The B-RWPC-WHITEOAK is a round-profile Wood-Plastic Composite (WPC) wall panel finished in light oak. It is intended for interior wall cladding applications in commercial and residential fit-outs where a consistent wood-look aesthetic is desired without the maintenance demands of natural timber.

Each panel measures 6.3 inches wide and 9.68 feet long, with a thickness of 25 mm, providing substantial coverage per piece for straightforward installation in linear runs. The panel carries an IP20 rating and is classified as non-waterproof, indicating suitability for dry interior environments.

The panel is backed by a 1-year warranty.
