

Indoor Wood Panel Corner Trim, Marble Finish, 114 x 1 x 1 In

- Constructed from recycled PVC with wood fiber additives
- Marble finish complements matching wood slat wall panels
- Measures 114 × 1 × 1 inches for standard wall runs
- Corner profile finishes interior wall panel installations
- Designed for straightforward on-site handling and installation

OVERVIEW

The B-W2-Corner-WM is an indoor corner trim piece designed to finish and accent wood slat wall panel installations. Constructed from recycled PVC with wood fiber additives, it provides a clean, cohesive transition at interior corners while complementing the natural aesthetic of matching wall panel systems.

The material composition offers durability and resistance suited for interior environments, and the profile is designed for straightforward handling and installation. At 114 inches in length with a 1-inch by 1-inch profile, it accommodates standard wall applications with minimal on-site modification required.

SPECIFICATIONS

MECHANICAL
