

Decorative Polystyrene Wall Panel in Sand,
5.91 in W x 9.51 ft L, 12 mm Thick

- Sand-finished polystyrene (PS) panel construction
- Panel dimensions 114.17 × 5.91 × 0.47 inches
- IP20 rated for dry interior installations
- Non-waterproof rating limits use to indoor environments
- Backed by 1-year manufacturer warranty

OVERVIEW

The B-WPE-ARENA is a decorative polystyrene (PS) wall panel finished in sand, designed for interior surface applications where a lightweight, cost-effective cladding solution is required. At 5.91 in wide and 9.51 ft long with a 12 mm thickness, each panel is suited for accent walls, retail interiors, and commercial renovation projects.

Constructed from polystyrene, the panel carries an IP20 rating and is classified non-waterproof, indicating suitability for dry, interior surfaces rather than wet or exterior locations.

The panel is backed by a 1-year manufacturer warranty.
