

Acrylic Board Support Standoff, 12mm W x 25mm H, 4-Piece Pack

OVERVIEW

The BS-1225-A is an acrylic board support standoff designed to mount and space acrylic panels, sign faces, and display boards away from a wall or substrate surface. Each unit measures 12mm in width by 25mm in height, providing a clean, finished appearance for interior signage and display installations. Sold in bags of four pieces.
