

Stainless Steel Hollow Standoff, Matt, Double - Sided, 19x125mm, 3-Pack

- High-grade stainless steel construction for corrosion resistance
- Hollow body reduces weight while retaining structural strength
- 19 × 125 mm barrel, 3/4 in diameter by 5 in overall height
- 35 mm screw length for secure fastening and adjustability
- Matt finish for double-sided, visible mounting applications
- Packaged three pieces per bag with a one-year warranty

OVERVIEW

The BS-12519X is a hollow stainless steel standoff designed for use in signage, glass installations, furniture, and other structural applications requiring both functional support and a clean aesthetic. The matte finish and modern profile make it suitable for visible mounting applications where appearance matters alongside performance.

Constructed from high-grade stainless steel, the standoff provides corrosion resistance and long-term durability. It measures 19×125mm with a screw length of 35mm, a height of 5 inches, and a diameter of 3/4 inch. The hollow construction keeps the component lightweight while maintaining structural integrity, and the double-sided design accommodates secure mounting with straightforward adjustability.

Supplied three pieces per bag and backed by a one-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Product Dimensions 19 × 125 mm (3/4 in diameter x 5 in height); 35 mm screw length

Finish Matt

Material Stainless steel

Mounting Double-sided standoff

ORDERING

Warranty 1 y

APPLICATIONS

- Dimensional letter and panel signage
- Glass and acrylic panel mounting
- Architectural wayfinding displays
- Retail fixture and furniture assemblies
- Lobby directory boards
