

## Acrylic Board Support Standoff, 16mm W x 30mm H, 4-Piece Set

### OVERVIEW

---

The BS-1630-A is an acrylic board support standoff designed to mount and display acrylic panels, signage, or display boards. Each unit measures 16mm wide by 30mm tall and is sold in a 4-piece bag, providing a complete set for a single panel installation. These standoffs are commonly used in retail displays, directory signage, and architectural sign applications where a clean, hardware-visible mounting aesthetic is required.
