- 30mm x 30mm body sized for repeatable standoff spacing
- Height and diameter of 1 3/8 inches for consistent projection
- Supplied with a 35mm screw in a 4/3 thread specification
- Packaged four pieces per bag for multi-point installations
- Covered by a 1-year warranty

OVERVIEW

The BS-3030 Board Support Standoff is a silver-finish mounting support designed to securely hold a board in a fixed position. Measuring 30mm x 30mm, it is suited for applications requiring a stable and durable board mounting solution in commercial and industrial installations.

The standoff includes a 35mm screw with a 4/3 thread specification and has a height and diameter of 1 3/8 inches, providing consistent positioning and reliable mechanical support. Units are packaged four pieces per bag for multi-point layouts.

Covered by a 1-year warranty.
