

Stainless Steel Hollow Standoff, Double-Sided Matte, 12x40mm, 15mm Screw, 4-Pack

- Stainless steel construction for corrosion resistance
- Matte finish reduces glare and visible fingerprints
- 12×40mm hollow body, 1.57 in overall standoff height
- 15mm screw length for secure substrate anchoring
- Double-sided configuration for panel-to-surface mounting
- Packaged 4 pieces per bag with 1-year warranty

OVERVIEW

A stainless steel hollow standoff for mounting and elevating signage, display panels, and architectural elements in commercial and residential interiors. The 12×40mm body with a 15mm screw provides a compact, stable mounting point across a range of substrates.

The stainless steel construction resists corrosion, and the matte finish limits fingerprinting and glare under direct lighting. The double-sided hollow design accepts standard signage mounting hardware and conceals fasteners for a clean face detail. Overall standoff height is 1.57 in. Supplied 4 pieces per bag.

Covered by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Product Dimensions 12 × 40 mm (1.57 in height), 15 mm screw length
