

Board Support Standoff, Silver Finish, 30 mm Width x 40 mm Height, 35 mm Screw, 4-Pack

- Board support body measuring 30 mm in width by 40 mm in height
- Silver finish for use with sign panels and display boards
- Supplied with a 35 mm screw for through-panel fastening
- Packaged four pieces per bag for multi-point installations
- Body diameter of 1.57 in for a consistent standoff footprint
- Covered by a 1-year warranty

OVERVIEW

The BS-4030 Silver Board Support is a mounting hardware component designed to securely hold boards in fixed positions across commercial and industrial installation applications. Each unit measures 30 mm in width and 40 mm in height, providing a stable support profile for panel and board mounting tasks.

The included screw measures 35 mm in length, offering a secure fastening solution suited for repeated use across multiple mounting points. Each pack contains four board supports, making it practical for installations requiring consistent, uniform board retention across a single project or fixture.

Covered by a 1-year warranty.
