

## Board Support Brush, Silver Finish, 3/4 in. Dia. x 2 in. Height, 19 mm Screw

### OVERVIEW

---

The BS-5019 Board Support Brush is a silver-finish mounting accessory designed to support and secure signage boards in commercial and architectural installations. It provides a stable, fixed-position hold for panel-type boards, making it suitable for use in display, signage, and similar trade applications where consistent board positioning is required.

The support brush measures 19 mm in width and 50 mm in height. The included screw is 19 mm in length, approximately 2 in. in height, and 3/4 in. in diameter. The silver finish provides a clean, professional appearance consistent with standard commercial hardware aesthetics. The adjustable design allows for straightforward installation and repositioning as needed.

No certifications, compliance listings, or warranty terms are confirmed in the available source data for this product. Contractors and specifiers should verify suitability for their specific application requirements prior to installation.
