

Board Support Standoff, Brushed Silver, 30 mm Diameter x 70 mm Height, 2 per Bag

- Brushed silver finish for exposed architectural mounting
- 30 mm outside diameter, equivalent to 1 - 3/8 in
- 70 mm standoff height holds panels 2.75 in off the surface
- Packaged two pieces per bag for paired panel layouts
- Backed by a 1-year warranty

OVERVIEW

The BS-7030 is a board support standoff finished in brushed silver, designed to hold signage boards, acrylic faces and display panels off the mounting surface at a fixed setback. It suits sign fabrication, retail display mounting and architectural panel work where an exposed fastener needs a finished appearance.

The body measures 30 mm across and 70 mm tall, equivalent to a 1 - 3/8 in diameter and a 2.75 in standoff height. The brushed silver surface limits fingerprint visibility on frequently handled installations. Units are supplied two per bag for paired or four-point panel layouts.

Covered by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL

Product Dimensions 30 mm dia. x 70 mm H (1 - 3/8 in dia. x 2.75 in H)
