

Hollow Steel Standoff Board Support, 12 x 80 mm Barrel, 0.5 in Diameter, 8 per Bag

- Steel barrel construction for load-bearing frame and panel support
- 12 × 80 mm barrel, 0.5 in diameter by 3 - 1/8 in standoff height
- Hollow profile accepts a through-center fastener for quick installation
- Packaged eight pieces per bag for multi-point mounting layouts
- Backed by a 1-year warranty

OVERVIEW

The Hollow Steel Wall Frame Holder is a steel standoff and board support used to mount framed panels, signage and display boards to finished wall surfaces. It suits both residential and commercial installations where a stable, repeatable mounting point is required.

The barrel measures 12 × 80 mm, equal to a 0.5 in diameter and a 3 - 1/8 in standoff height, and is supplied eight pieces per bag for multi-point layouts. Steel construction provides load-bearing strength, while the hollow profile routes the fastener through the center of the barrel for straightforward installation.

Covered by a 1-year warranty.
