

Stainless Steel Wall Frame Holder, 25 x 50 mm (1" Dia. x 2" H), Polished Finish

- Solid stainless steel body for corrosion resistance and rigidity
- 25 mm diameter x 50 mm projection (1 in. dia. x 2 in. H)
- Polished, shiny surface finish for interior display work
- Wall-mounted configuration for single frames or gallery arrays
- Backed by a 1-year warranty

OVERVIEW

The BS-A5025-S is a solid stainless steel wall-mounted frame holder designed to securely display frames in both commercial and residential environments. Its polished finish provides a clean, modern appearance suitable for professional settings such as offices, lobbies, and galleries, as well as general interior applications.

Constructed from solid stainless steel with a 25 mm diameter and 50 mm projection (1 in. dia. x 2 in. H), the holder is built for long-term durability and stability. The design is intended to complement a range of decor styles while providing a reliable mounting solution for single frames or gallery wall arrangements.

Covered by a 1-year warranty.
