OVERVIEW

The BS-A8025 is a solid stainless steel wall frame holder designed for secure, professional display of wall frames and panel signage across commercial and residential environments. Its low-profile construction is suited for interior applications such as galleries, offices, and retail spaces, as well as outdoor installations where corrosion resistance is a priority.

Constructed from solid stainless steel, the standoff measures 25 mm in diameter by 80 mm in height (1 in. dia. x 3-1/8 in. H) and provides resistance to corrosion and physical damage. The design accommodates various frame sizes and is intended for straightforward installation on standard wall surfaces.

The holder is covered by a one-year warranty.
