

Stainless Steel Wall Board Holder, 27mm Diameter, 1/4" Thickness, 4-Pack

- Stainless steel construction for rust resistance and strength
- 27mm diameter body for a compact mounting footprint
- 1/4-inch thickness supports panel retention under sustained load
- Wall-mounted configuration for board and panel display
- Supplied four pieces per bag for multi-point mounting
- Covered by a 1-year warranty

OVERVIEW

The BS-B27 is a stainless steel board holder designed for mounting and displaying boards in commercial and professional environments. With a 27mm diameter and 1/4-inch material thickness, it provides a compact footprint while maintaining reliable structural support.

Constructed from stainless steel, the holder offers inherent rust resistance and long-term durability. The 1/4-inch thickness contributes to dimensional stability under sustained load, and the wall-mounted design is intended for straightforward installation. Each bag contains four pieces.

Backed by a 1-year warranty.

SPECIFICATIONS

OPTICAL

LED Lifetime 50,000 h

MECHANICAL
