

## Aluminum Board Holder for 20mm Thickness Boards, 50mm Length

- Made of aluminum for durability and long-term use
- Sized for boards with a 20mm thickness
- 50mm length provides stable board support
- Sleek finish contributes a modern appearance
- Backed by a 1-year warranty

### OVERVIEW

The BS-G20-50 is an aluminum board holder designed to secure boards with a 20mm thickness. At 50mm in length, it is suited for applications requiring stable, reliable board retention across a range of board sizes sharing that thickness profile.

Constructed from aluminum, the holder is built for durability and long-term use. The design provides a secure grip while contributing a clean, finished appearance to the installation.

Backed by a 1-year warranty.
