

Aluminum Board Holder for 8 mm x 40 mm Panels, 2-Piece Set, 1-Year Warranty

- Aluminum construction for signage and display panel retention
- Accommodates panels with an 8 mm x 40 mm mounting profile
- Supplied two pieces per bag for paired top and bottom mounting
- Covered by a 1-year manufacturer warranty

OVERVIEW

The BS-G8-40R is an aluminum board holder sized for panels with an 8 mm x 40 mm profile. It is used in signage, display and panel mounting work where a secure edge grip is required at the top and bottom of a board.

The holder is machined from aluminum and supplied two pieces per bag, allowing a single panel to be captured at both ends from one package. The fixed 8 mm x 40 mm profile establishes the panel thickness and holder depth for consistent alignment across multiple installations.

The holder carries a 1-year warranty.
