

Screw Cover Cap 10mm Diameter Shiny Finish, 4-Piece Bag

OVERVIEW

The BS-SC10 is a 10mm diameter screw cover cap supplied in a 4-piece bag. These covers are used to conceal exposed screw heads in signage, display, and general construction installations, providing a clean, finished appearance on completed assemblies.

The cover features a shiny finish suited for visible fastener locations where aesthetics are a consideration. The 10mm diameter is sized to fit standard 10mm screw heads. No dimensional, material, or environmental rating data is available from the source documentation at this time.

No certifications, compliance listings, or warranty terms are confirmed in the available source data. Contractors and specifiers should verify suitability for their specific application requirements prior to installation.
