

Screw Cover Cap, 30mm Diameter, 4 Pieces per Bag, Sign and Millwork Fastener Concealment

- 30 mm diameter face covers exposed screw heads
- Supplied four pieces per bag for multi-fastener runs
- Low -profile decorative cap for a finished surface appearance
- Suited to woodworking, millwork and general construction
- Backed by a one-year warranty

OVERVIEW

The BS-SC30 is a 30mm diameter screw cover cap designed to conceal exposed screw heads, providing a clean and finished appearance on completed installations. It is suited for woodworking, millwork, sign mounting and general construction applications where concealing fasteners is required for a professional result.

Constructed for durability, the cover protects the fastener beneath while maintaining a low-profile, polished face. It is supplied four pieces per bag and is compatible with a range of screw heads accommodated by its 30mm diameter footprint.

Covered by a one-year warranty.
