

Wire Hanging System Holder, Stainless Steel, Bronze Finish, 45 mm Length

- Stainless steel construction for corrosion resistance
- Bronze finish suits modern and traditional interiors
- 45 mm overall length for wire suspension assemblies
- Adjustable positioning with a secure hold on the wire
- Covered by a 1-year manufacturer warranty

OVERVIEW

The BS-W-A02 is a stainless steel wire system holder with a bronze finish, measuring 45 mm in length. Designed for commercial and retail environments, it is suited for securing and organizing wire systems used in hanging artwork, signage, lighting fixtures, and display installations.

Constructed from stainless steel, the holder provides corrosion resistance for long-term durability. The bronze finish is compatible with both modern and traditional interior aesthetics. The design accommodates straightforward installation and allows for positional adjustment while maintaining a secure hold on wiring.

The holder is supplied with a 1-year warranty.
