

Wire Hanging System Holder, Stainless Steel, Bronze Finish, 61mm Length

- Stainless steel construction resists corrosion in interior service
- Bronze finish with a smooth, polished, easy-to-clean surface
- 61mm holder length for securing wire hanging system components
- Suited to commercial and residential wire management assemblies
- Supported by a one-year manufacturer warranty

OVERVIEW

The BS-W-A03 is a stainless steel wire system holder finished in bronze, measuring 61mm in length. Designed for commercial and residential installations, it provides a mounting and support point for wire hanging systems in kitchens, offices, garages, and retail environments.

Constructed from corrosion-resistant stainless steel, the holder is built for long-term service. The bronze finish presents a smooth, polished surface that is straightforward to clean, suiting both back-of-house and display-facing locations.

The holder is supported by a one-year warranty.
