

Steel Wire Hanging System, Round Adjustable Side Holder, 13 mm Opening, 1-Year Warranty

- Steel construction for sustained suspension loads
- 13 mm opening for cable, rod or panel capture
- Round side holder adjusts direction for precise placement
- Neutral, minimalist appearance for unobtrusive installations
- Covered by a one-year manufacturer warranty

OVERVIEW

A steel wire hanging system featuring a round adjustable side holder with a 13 mm opening, designed for securely suspending objects in commercial and professional environments. Typical applications include retail displays, art installations, and suspended lighting fixtures.

The holder's adjustable directional design allows for precise positioning and easy repositioning after installation. The minimalistic, neutral-finish steel construction suits settings where a clean, unobtrusive mounting solution is required, and installation requires no specialized tooling.

The hanging system carries a one-year warranty.
